

Enterprise Vendor Approval Policy

Archived policy - version 2.1

INTERNAL - RETIRED

Document ID	APX-PROC-POL-014
Version	2.1
Status	Retired
Effective date	2024-03-15
Retired date	2026-07-01
Superseded by	Version 3.0

RETIRED DOCUMENT - Do not use for current approvals.

1. Purpose

This document describes the former vendor approval process used before July 2026.

2. Enterprise vendor threshold

A vendor was treated as an enterprise vendor when annual spend was expected to exceed USD 100,000 or when the vendor supported a critical service.

3. Former approval process

1. Business owner submitted a purchase request and budget code.
2. Procurement checked vendor registration and negotiated commercial terms.
3. Finance approved purchases above USD 25,000.
4. Legal reviewed agreements above USD 100,000 or when requested by Procurement.
5. Information Security review was recommended for technology vendors but was not a formal gate in this version.

4. Retirement notice

Version 2.1 was retired on 2026-07-01 and superseded by version 3.0. Thresholds and mandatory control stages in this document are no longer authoritative.
