

NexaServe Managed Support Agreement

Synthetic contract extract for assessment use

INTERNAL - CONTRACT

Agreement ID	APX-LEG-CON-NS-2026
Supplier	NexaServe Ltd.
Effective date	2026-05-01
Term	12 months
Status	Active
Schedules	Schedule A only; no Schedule C

1. Services

NexaServe Ltd. will provide managed application support and incident coordination for the ApexOne procurement portal.

2. Support requests

NexaServe will receive support requests during published business hours and will use commercially reasonable efforts to assess, classify, and progress each request. Severity is assigned after NexaServe reviews the submitted information.

3. Service levels

This agreement does not specify a first-response time, restoration target, resolution time, service credit, or other service-level commitment. Any binding service level must be documented in a separately executed Schedule C.

No Schedule C is attached to or incorporated into this agreement.

4. Escalation

ApexOne may request operational escalation through the named service manager. Escalation does not create a response-time commitment that is not stated in an executed schedule.

5. Entire agreement

This agreement and its executed schedules form the complete agreement between the parties regarding the services described here.
